Queens County, Block 316, Lot 1

Dear Mr. Mintzer:

I enclose executed consent of Nelson Foundry, Inc. and Nelson Galvanizing, Inc. signed by a former President, John T. Sweeney.

It is understood that this consent is solely for the purpose of entry into the above premises for the purpose of an environmental cleanup.

I wish to advise that the record owner of the premises was Nelson Foundry, Inc., which corporation was dissolved by proclamation and John T. Sweeney has signed this consent solely as former President of the corporation.

Very truly yours

The undersigned consents to officers, employees, contractors, and authorized representatives of the United States Environmental Protection Agency ("EPA") entering and having continued access to the property described above for the following purposes of taking response activities pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9600 et seq. ("Superfund"). Response activities may include:

clearing debris, brush and other materials to provide physical access to conduct inspections and cleanup activity;

investigating contamination on the property including the conduct of environmental monitoring and sampling and the performance of other investigation and sampling activities as EPA may determine to be necessary;

staging and disposal of hazardous materials, contaminated items, containers and debris; and

taking all environmental response activities deemed by EPA representatives to be appropriate to address contamination which may have been released or which may pose a threat of release at or from the property.

The undersigned have been informed, and understand, that these actions by EPA are to be undertaken pursuant to EPA's response and enforcement responsibilities under the Superfund.

This written permission is given voluntarily with knowledge of the right to refuse and without threats or promises of any kind.
